Oate \_\_\_\_\_ Type \_\_\_\_

# **SORREL** S3N

3" Suspended Direct/Indirect Linear

# **Specification Features**

CRI, CCT & OUTPUT1

\_**27**\_ \_ - 2700K

- Triangular rail shape creates a unique aesthetic while providing functional output.
- Integral suspension and power cable with singular adjustment mechanism.
- Standard connectors allow the fixtures to move effortlessly throughout the space.
- Neutral fixture distribution is 50% direct /50% indirect.

**VOLTAGE** 

U - Universal (120 thru 277V)

Example Part #: S3N-830HO-26'-CAC48JB-U-FSD-1-0-W

**MOUNTING<sup>3</sup>** 

CAC\_\_G \_ - Conductive AC to Grid

# CONTROLS

Pinnacle is able to accommodate different control solutions from different manufacturers. Consult factory for more information.

"When specifying CRI, CCT & OUTPUT the first \_ is for specifying either **8** - 80CRI or **9** - 90CRI. The ending \_ \_ are for specifying output, example **HO** - High Output. See output charts for more information. <sup>2</sup>Individual fixtures come in 2, 3, 4, 5, 6, 7, & 8' lengths. Continuous row comes in 1' increments. When specifying patterns specified length will be fixture length. Patterns will be longer then specified length. <sup>3</sup> Specify CAC length standard CAC is 48''. Example: CAC48JB. Specify grid: G1=15/16'', G9=9/16'', GS=Screw Slot. Example: CAC48GI. <sup>4</sup>Enter quantity for Battery and Emergency, Example 1PLL. Emergency and Night Light section will be entire fixture within row.

Specifications and dimensions subject to change without notice. Specification sheets that appear on pinnacle-ltg.com are the most recent version and supersede all other previously printed or electronic versions.

# SORREL S3N Suspended Linear

# Output

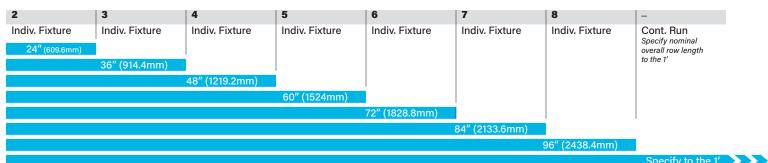

- Specify either 80 or 90 CRI
- Longer lead-time may apply for 90 CRI consult factory

• 90 CRI = R9≥61

# Length

- · All individual units cannot be joined, end plates are factory installed and cannot be removed
- End plates add 3" (1-1/2" per end) to the overall length of the fixture/row
- For patterns, refer to Pattern section on next page

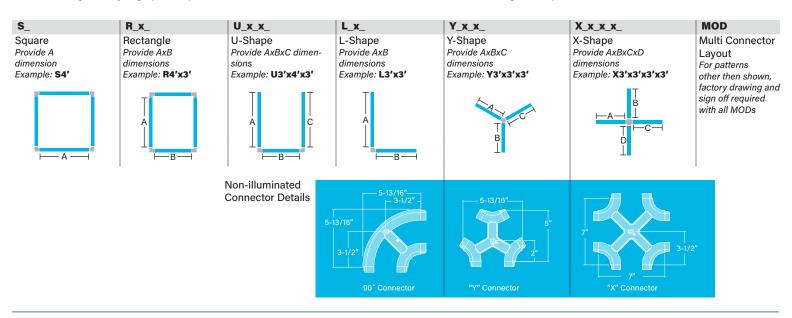

Specifications and dimensions subject to change without notice. Specification sheets that appear on pinnacle-ltg.com are the most recent version and supersede all other previously printed or electronic versions.

### **Patterns**

- Specify pattern shape and fixture length
- Length specified will not reflect overall pattern dimensions
- Angles and shapes not shown require MOD Pattern; consult factory
- All connectors are NON ILLUMINATED
- Minimum length for any single part of a pattern is 2'

- All lengths are TO THE FOOT ONLY
- Our in-house milling capabilities enable the design and development of any non-standard connector
- Example part number: S3N-835HO-Y8x6x8-CAC48JB-U-FSD-1-0-GR
- Connectors add to the overall length of the pattern

# Mounting

- Adjustable cable. Specify 48", 120", 240", or 350"
- Specify cable length in ordering code
- End plates attached at factory
- Canopies and mounts match fixture finish. See Finish section for additional details

| CAC G_ | Conductive AC to Grid (specify grid type: G1, G9, GS) |  |  |
|--------|---|--|--|
| CAC JB | Conductive AC to Junction Box                         |  |  |

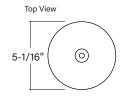

#### **Mounting Details**

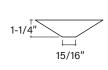

CAC is an integrated power and suspension cable that is smaller in diameter than a traditional SJT cable. CAC is 2 or 4 conductive cables and suspension, standard power cable (SJT) is 5 conductive cables and no suspension.

CAC = 3/16" SJT = 3/8"

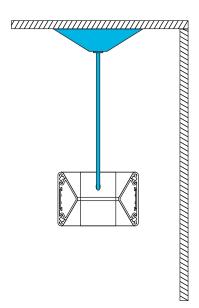

A larger power side canopy allows for adjustability of the CAC cable inside of the canopy.

Side View

- Approved for dry/damp location unless otherwise noted
- Refer to installation instructions during installation
- Maximum fixture weight is 8 lbs for a standard 4' fixture

Specifications and dimensions subject to change without notice. Specification sheets that appear on pinnacle-ltg.com are the most recent version and supersede all other previously printed or electronic versions.

# Voltage

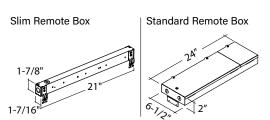

· Some SORREL configurations will not accommodate all voltage options; consult with factory

| U | Universal |
|---|-----------|
| 1 | 120 volt  |
| 2 | 277 volt  |
| 3 | 347 volt  |

## **Remote Driver**

- Driver count dictated by product configuration
- Standard Driver Option = FSD
- Driver Lifetime: 50,000 hours at 25°C ambient operating conditions
- For more driver options, see Pinnacle Resource Guide
- Some SORREL configurations will not accommodate all driver options; consult with factory
- Configurations with multiple drivers will require Standard Remote Box

| 0-10V Drivers       |   |  |  |  |  |

# How to specify Circuiting, Battery and Emergency

- Select fixture circuiting from options below
- Some SORREL configurations will not accommodate all circuiting options, consult with factory

# Circuiting

| 1 | Single Circuit                            |
|---|---|
| E | Emergency Circuit entire fixture or row   |
| N | Night Light Circuit entire fixture or row |

Specifications and dimensions subject to change without notice. Specification sheets that appear on pinnacle-ltg.com are the most recent version and supersede all other previously printed or electronic versions.

S3N\_LED\_SPEC\_FEB2024 pg. 4

- Battery and emergency section options are available in addition to fixture circuit
- Select battery and emergency section options below; factory shop drawing required
- Some SORREL configurations will not accommodate all circuiting options, consult with factory
- Configurations with battery or emergency device will require Standard Remote Box

# Battery and/or Emergency

No battery or specific emergency section required

# Remote Battery

- Select battery section type if required, indicate total quantity. Example 2PLL
- 90 minute battery runtime; test button is remote to fixture and requires an additional drop
- Battery section will require full length of housing up to 8' on individual fixtures or within continuous row
- For more battery options available, see Pinnacle Resource Guide

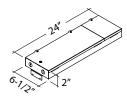

| _FSB   | _FSB Factory Select Battery 10w, Lithium          |  |  |  |
|--------|---|--|--|--|
| _FSBST | Factory Select Battery 10w, Lithium, Self Testing |  |  |  |
| _PLL   | Bodine 10w, Lithium, Self Testing                 |  |  |  |
| _ILL   | lota 10w, Lithium, Self Testing                   |  |  |  |

# **Emergency**

- Select emergency section type if required, indicate total quantity. Example 1E
- Emergency circuiting sections are for use when specifying emergency options on continuous rows
- Emergency or Night Light section will be entire fixture within continuous row

| _FSG   | Factory Select ALCR, Emergency Control Device, UNV |  |  |  |
|--|--|--|--|--|
| _GI  | I lota ETS-DR, Emergency Control Device, UNV       |  |  |  |
| _GB Bodine GTD, Emergency Control Device, 120v or 27 |  |  |  |  |
| _E   | Emergency Circuit                                  |  |  |  |
| _N   | Night Light Circuit                                |  |  |  |

#### Standard Remote Box

### For Approximate Battery Lumen Output

- Multiply battery wattage X fixture LPW shown on Lumen Table
- 10 (watts) x 92.3 (LPW) = 923 battery lumen output

## **Battery OR Emergency Ordering Examples**

- Single circuit, 10w battery
- Emergency only, 10w battery
- Single circuit, GTD required

Ordering Code: 1-1PLL Ordering Code: E-1PLL

Ordering Code: 1-1GB

# **Finish**

- Standard powder-coat textured white, metallic silver, textured black, graphite or bronze painted finish; consult factory for chip of standard paint finishes
- Selecting a fixture finish other than white may impact lumen output; consult factory for more information

| W  | White (white cord/white canopy)                                |
|----|--|
| S  | Metallic Silver (grey cord/silver canopy)                      |
| BL | Textured Black (black cord/black canopy)                       |
| BR | Bronze (white cord/bronze canopy)                              |
| GR | Graphite (white cord/graphite canopy)                          |
| CC | Custom Color (white cord/custom color canopy to match fixture) |

## **Controls**

Pinnacle is able to use solutions from different manufacturers. Consult factory for more information.

Specifications and dimensions subject to change without notice. Specification sheets that appear on pinnacle-ltg.com are the most recent version and supersede all other previously printed or electronic versions.

For all available IES files, please visit our website at pinnacle-ltq.com. Photometry testing in accordance to IESNA-LM-79-08 at an IAS accredited testing laboratory. Testing conducted at 25°C ambient conditions

# **Applications & Certificates**

Construction: 6063-T6 Extruded aluminum housing. Highly reflective die-formed white painted reflector.

Shielding: Diffuse snap-in acrylic lens with matte finish, removable for maintenance.

Mounting: Conductive Aircraft cable mount available. Power mount supplied with conductive aircraft cable and round 5" diameter canopy. Non-power supplied with aircraft cable and 2" (50.8mm) canopy. Refer to installation instructions for appropriate ceiling detail.

LED: 25°C test environment. Lumen output/wattage has a margin of +/- 5%; 2' or 3' lengths may have a greater wattage deviation. Luminaire configurations tested in accordance with IES LM-79. Diodes tested in accordance with IES LM-80. Lifetime calculated using IES TM-21. Minimum lifetime greater than 60,000 hours. Lifetime Projection L70 = 276,000 hours and L90 = 83,800 hours. MacAdam 3-Step Ellipses. For all available IES files, please visit our website at pinnacle-ltg.com.

CRI, CCT & Output: Not all lumen packages available. Three lumen packages available. Low (LO), Medium (MO), High (HO). Custom outputs are available. Specify custom lumens or watts between standard offering listed on CRI, CCT & Output page. 80 CRI is available for 3000K, 3500K, and 4000K. 90 CRI is available for 2700K, 3000K, 3500K and 4000K. 90 CRI = R9≥50.

Voltage: Universal (U), 120 volt (1), 277 volt (2) and 347 volt (3) options available. Must specify PL4 or OL4 in Driver section when 347 volt (3) is selected. Some SORREL configurations will not accommodate all voltage options; consult with factory.

Driver: Standard Driver Option is Factory Select Driver 0-10V, 1% = FSD. Electronic driver, Power factor is >0.9 with a THD <20%. Driver Lifetime: 50,000 hours at 25°C ambient operating conditions. Ambient operating range: -20°F/-30°C to 98°F/37C. For more driver options, see Pinnacle Resource Guide. Some SORREL configurations will not accommodate all driver options.

#### **Remote Mounting Guide**

Distance limited by max input watts shown.

| Max Distance | 56'     | 42'     | 28'     | 20'      | 15'      |
|--------------|---------|---------|---------|----------|----------|
| 4' Housing   | 4.0w/ft | 5.3w/ft | 7.9w/ft | 11.0w/ft | 14.3w/ft |
| 8' Housing   | N/A     | 2.6w/ft | 3.9w/ft | 5.4w/ft  | 7.3w/ft  |

Circuiting: Select from single circuit (1), Emergency circuit (E) or Night Light circuit (N). Housings cannot be split into multiple circuits. Some SORREL configurations will not accommodate all circuiting options; consult with factory.

Battery & Emergency: Select battery or emergency options if required. If battery or emergency option is not required, enter 0. Battery duration is 90 minutes as standard. Test button is remote to fixture. Standard battery and emergency device options will be installed in standard remote box. For more battery options, see Pinnacle Resource Guide.

Finish: Standard powder-coat textured white, metallic silver, textured black, graphite or bronze painted finish; consult factory for chip of standard paint finishes. Contact factory for additional custom color and finish options.

Controls: Consult factory.

Labels: UL and cUL Listed. Low, Medium and Hight Output lumen packages are approved for dry/damp location unless otherwise noted.

Fixture Weight: Maximum fixture weight is 8 lbs for a standard 4' fixture.

Buy American Act Compliant Some options are not Buy American Act Compliant, please contact factory for more information.

Warranty: SORREL offered with a 5-year limited warranty. Covers LED, driver and fixture.

Specifications and dimensions subject to change without notice. Specification sheets that appear on pinnacle-ltg.com are the most recent version and supersede all other previously printed or electronic versions.
