

Qivi

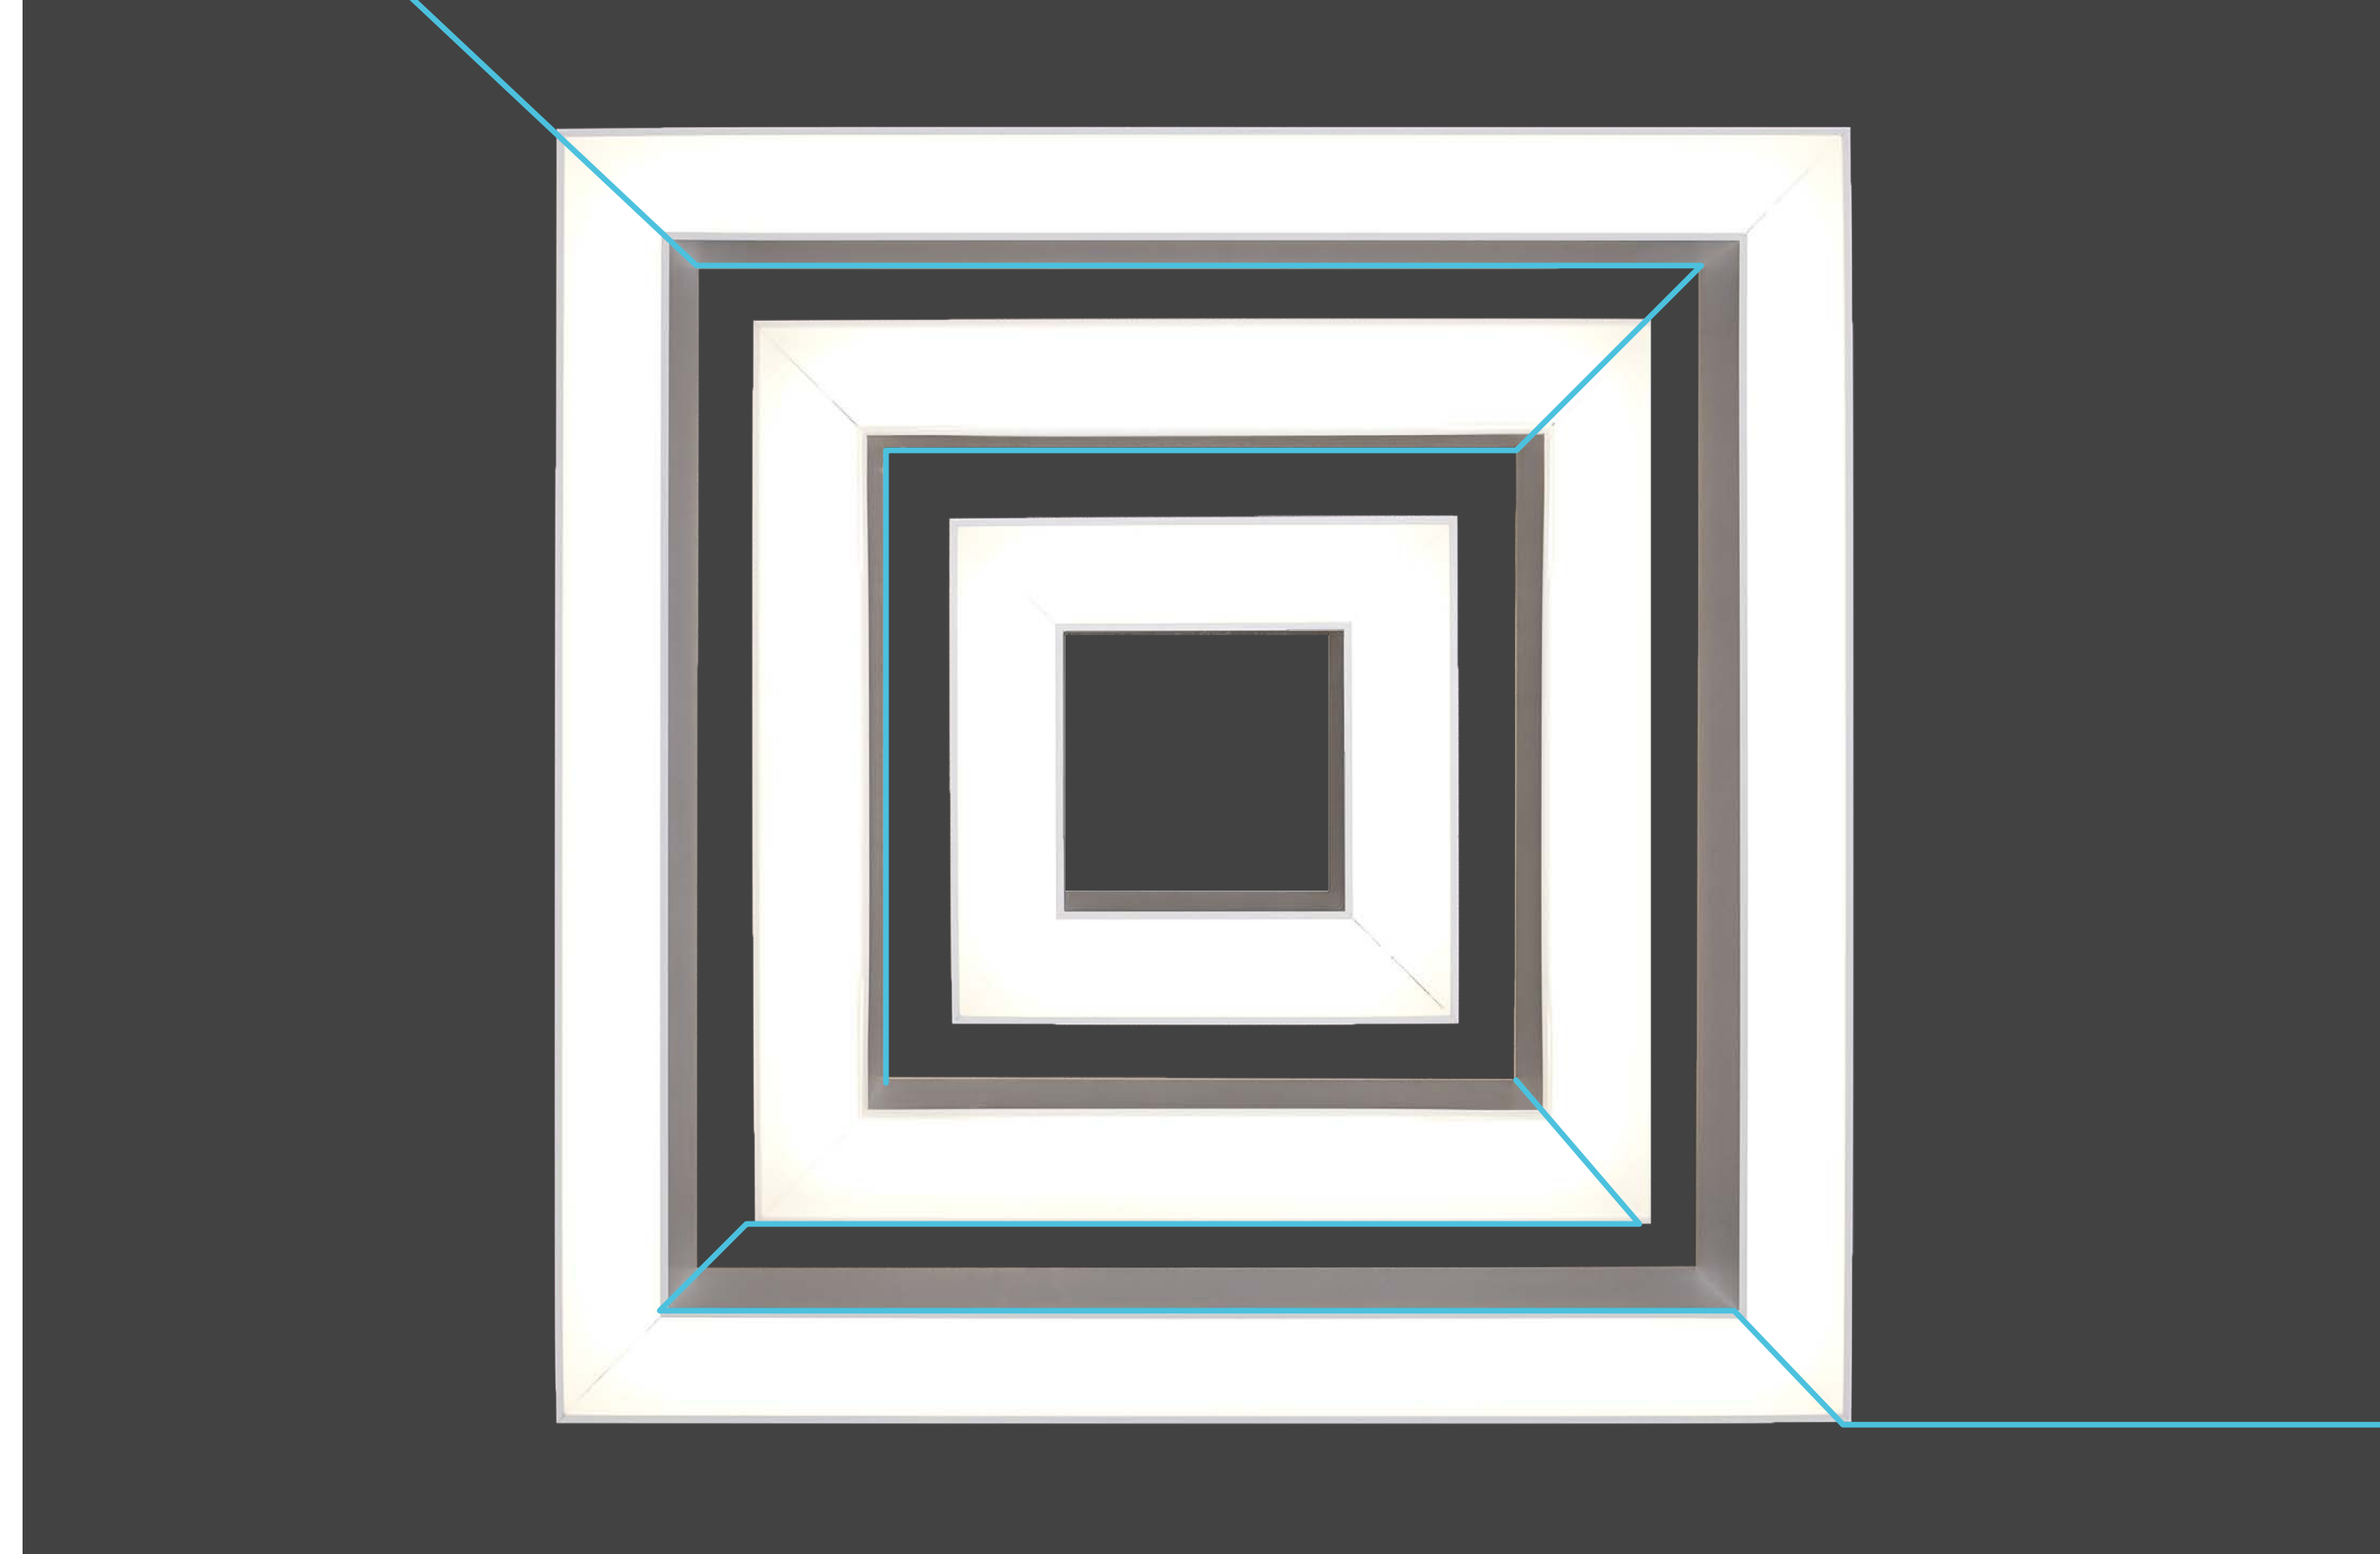

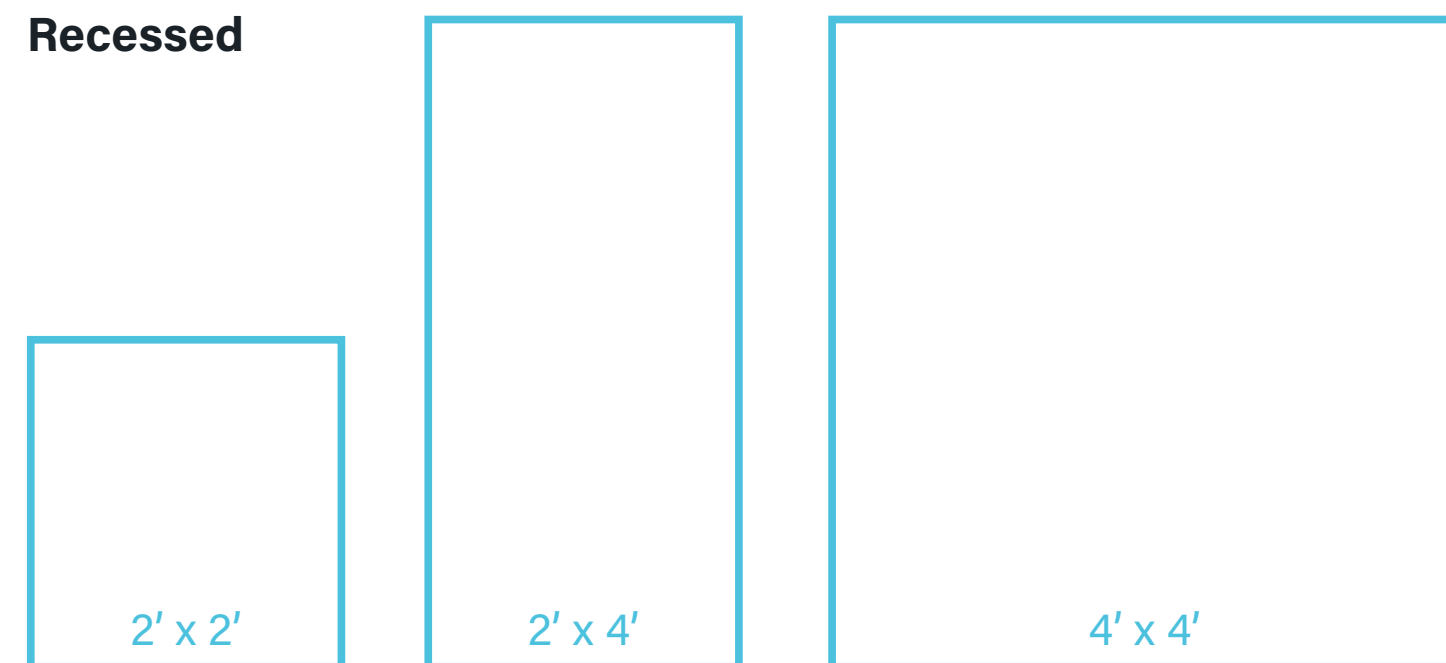

ANGULAR DEFINITION

QiVi™: (KEY-vee), geometric shapes that create a visual impact in modern architectural spaces. The versatility of the fixture allows for unique applications with an angular accent. With multiple sizes, mounting and shielding options, QiVi™ is designed for those with an architectural eye. QiVi™ lends itself to work seamlessly with any other fixtures from the Pinnacle Architectural Lighting catalog.

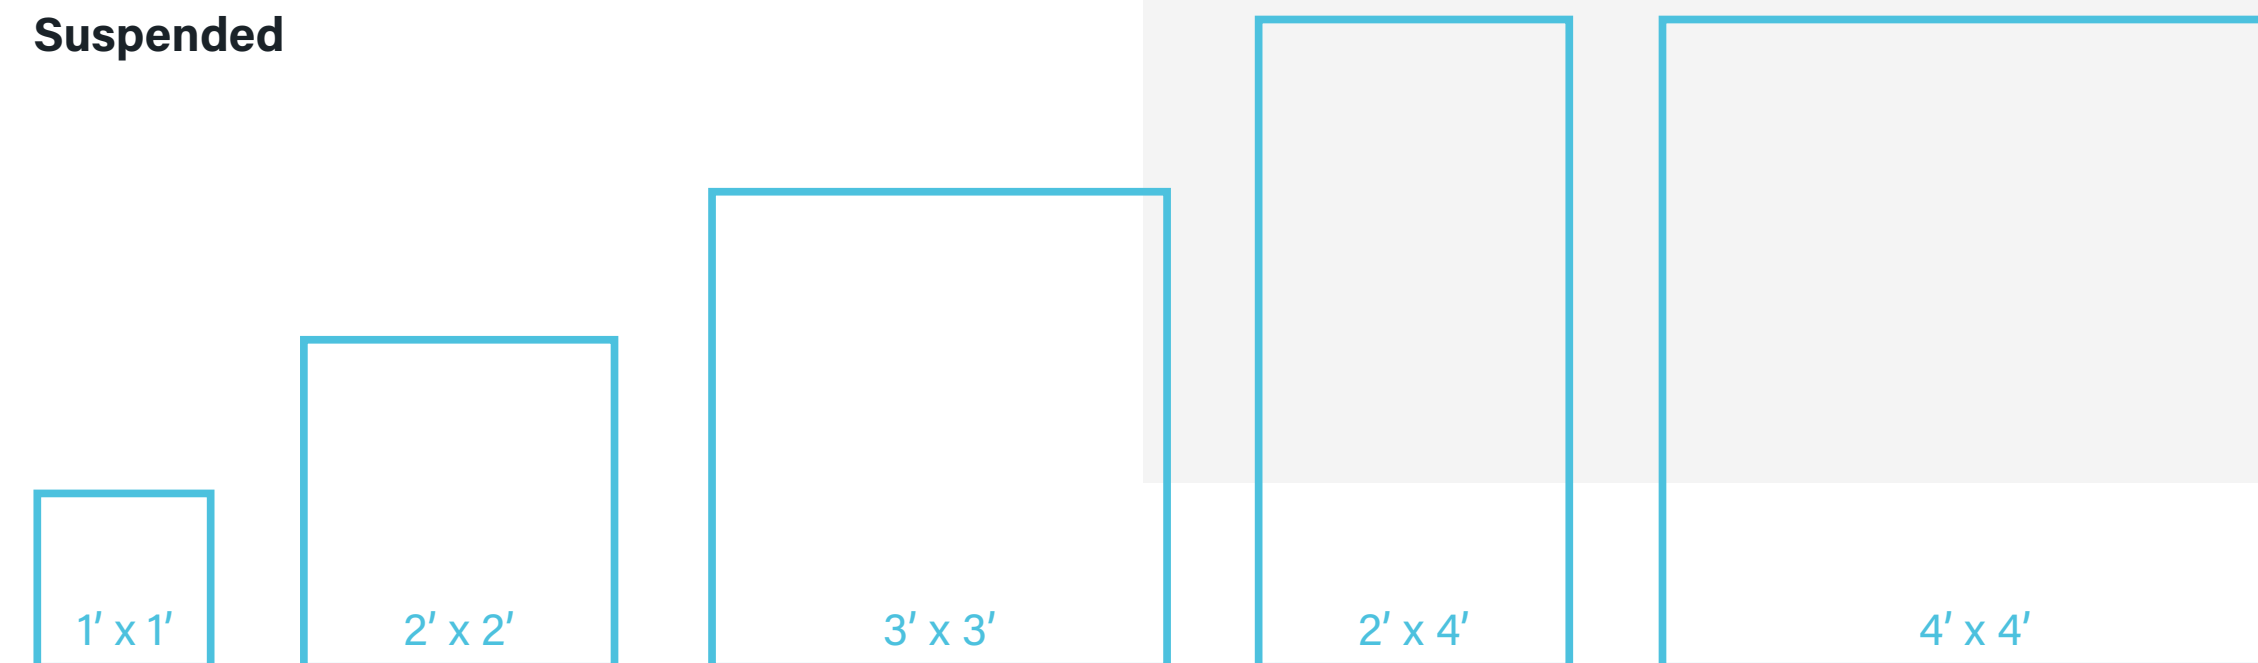

Mix and match the QiVi™ housing sizes, mounting styles, distribution options, and shielding to brighten your space.

STURDY & SIMPLISTIC

With QiVi™, construction is key. Both the recessed and suspended housings are welded together to form a single-piece fixture. No need to connect corners in the field since it's skillfully completed at our factory for you.

The extruded aluminum housing is extremely durable, yet light enough to suspend from any ceiling type. The recessed housing consists of a steel back box above the ceiling plane with an aluminum trim for a delicate finish on the room side.
